

School rules in 4SH...

Be respectful

We will be kind to each other, share with each other and take turns. We will use our manners and listen to adults and our peers when they are talking to us. We will not talk over people and we will smile.

Be responsible

We will tidy up after ourselves and work as a team to keep our classroom tidy. We will look after our resources and take care of our work. We will tuck in our chairs when we stand up and use walking feet.

Be ready to learn

We will clear our brains of unhelpful thoughts in our journals. We will listen to and follow instructions, sit sensibly and face the right way. We will be quiet during lesson input and use hands up or non verbal communication. We will use the correct volume for the task we are doing.
